## 👤 PROFILE

Passionate English teacher with one year of experience.

Enthusiastic Full Stack Web developer with one year of experience.

## 📁 EMPLOYMENT HISTORY

English Teacher at I.E. La Inmaculada, Piura

March 2018 — December 2018

Been a teacher at a public school in my country makes me realize a lot of things, especially how through a smile we could inspire others to achieve whatever they propose.

Full Stack Web Developer at Tranzfer.me, Remote

May 2019 — October 2020

This was my very first job as a remote programmer, I was in charge of creating a REST API that allows people to see how much commission they will pay for the money they sent to a foreign country. Using real-time dollar data from google by web scraping it.

Full Stack Web Developer at Sportingcallao.club, Piura

June 2020 — July 2020

In this project, I created a Web application for my close friends, in this app we could rate each other performance. I was in charge from the design to implementation.

Full Stack Web Developer at Carlosloayza.com, Piura

September 2020 — Present

This is my portfolio, It was made on MEVN Stack. I'm currently working on it.

## 🎓 EDUCATION

Computer Engineer, Univerisdad Nacional de Piura, Piura

March 2015 — Present

Intermediate, Instituto Cultural Peruano Norte Americano, Piura

July 2015 — July 2017
